

Third Grade

Student Name _____ Teacher _____

Students must complete all required goals and 10 or more of the optional goals.

Required:

- _____ Turn in reading minutes monthly. Must be a minimum of 600 minutes per month.
- _____ Read 2 chapter books on your own, and complete a book report for each book. (See teacher for a form).
- _____ Measure your backyard in feet. Find the area and perimeter of your backyard. Draw the perimeter on centimeter graph paper. Make sure you show area and perimeter on your graph. (1 sq. foot = 1 cm on your graph paper).
- _____ Learn your multiplication facts 1-12 and pass the test with 100% accuracy.

Optional:

- _____ Fewer than 3 total absences per trimester (3 tardies = 1 absence)
- _____ Score 100% on 10 spelling tests during the year
- _____ Select a poem, memorize it and share an oral report to the class about the author. (minimum of 75 words).
- _____ Learn division facts 1-12 and pass the test with 100% accuracy.
- _____ Submit a project to the Reflections Contest
- _____ Submit a project to the Science Fair
- _____ Participate in a service-learning project that helps the community. Write a 3 paragraph essay on what you did
- _____ Learn keyboarding. Be able to type 20 words per minute using home row keys
- _____ Create a simple Photo-story (Using the computer program Photo story) on a subject that interests you with a minimum of 10 slides. The library research project does not fulfill this requirement.
- _____ Create a map that you could follow from your home to school. Label streets and landmarks along the way. Include a key, a compass rose, and a distance bar. Share with the class. Must be drawn on graph paper.
- _____ Write an autobiography in your best cursive handwriting using capital letters, punctuation and correct spelling (minimum of 300 words). Share with the class.
- _____ Write a report about a famous artist (minimum of 300 words). Complete your own piece of art using the artist's technique. (Clear the artist name with teacher first). Share with the class.
- _____ Learn states and capitals and pass with 96% accuracy
